

Apprentice Power Line Technician

“Excellence in Energy Solutions”

Saint John Energy is an innovative, customer-centered, distribution utility serving the ratepayers and citizens of Saint John New Brunswick since 1922.

Saint John Energy is guided by the following seven principles: Safety, Results-Driven, Accountability, Customer-Focused, Teamwork, and Honesty, Integrity and Respect. Above all else though, the Safety of our employees and our community is more important than any business interest and is our number one priority.

Applications are invited for the position of “Apprentice Power Line Technician” - (2) positions.

The Apprentice Power Line Technician is a union position and contributes to the construction, maintenance and operation of all aspects of Saint John Energy’s electrical distribution system.

The role of the apprentice and the involvement of IBEW local #1524 play a major factor in Saint John Energy enjoying some of the highest levels of customer satisfaction and reliability in Canada. Our customer satisfaction rate is at 83% and our interruption duration and frequency is less than half of the national average!

The employment requirements for this position are:

- Recognized as a second-year apprentice
- Must have good verbal communication skills
- Variable duties, requiring a high degree of accuracy and attention to details and safety at all times
- Ability to interact with union and non-union, Management and non-Management
- Resourceful, with strong troubleshooting skills
- Participates in the on-call rotation

This will be for a one-year term with a mutually agreed option to extend.

Applications, which must include an up to date resume, should be made in writing to Human Resources no later than 3PM on Monday, July 9, 2018.
