

Ryan Mitchell

Vice President, Engineering and Operations

- ❧ Ryan is responsible for the stewardship of Saint John Energy's distribution system which includes managing the plan, design, build, and support teams. Additional areas of responsibility include asset and business development. As part of the executive management team, the position contributes to the development and implementation of organizational and business strategies.
- ❧ Ryan is a graduate of the New Brunswick Community College and of the University of New Brunswick and is a registered engineer in New Brunswick. Ryan has over 19 years of engineering experience in diverse and progressive management positions with the majority of his experience coming from the telecommunications sector and more specifically within the Bell group of families.
- ❧ Ryan is a member of the Association of Professional Engineers and Geoscientists of New Brunswick (APEGNB), and represents Saint John Energy in the Canadian Electricity Association Distribution council as well as the Canadian Electricity Association National Emerging Issues Committee.
