

# Power Line Technician

*"Excellence in Energy Solutions"*

Saint John Energy is an innovative, customer-centered, distribution utility serving the ratepayers and citizens of Saint John New Brunswick since 1922.

Saint John Energy is guided by the following seven principles: Safety, Results-Driven, Accountability, Customer-Focused, Teamwork, and Honesty, Integrity and Respect. Above all else though, the Safety of our employees and our community is more important than any business interest and is our number one priority.

**Applications are invited for the position of "Power Line Technician".**

The Power Line Technician (PLT) is a union position and contributes to the construction, maintenance and operation of all aspects of Saint John Energy's electrical distribution system.

The role of PLT and the involvement of IBEW local #1524 play a major factor in Saint John Energy enjoying some of the highest levels of customer satisfaction and reliability in Canada. Our customer satisfaction rate is at 83% and our interruption duration and frequency is less than half of the national average!

**The employment requirements for this position are:**

- Successful completion of a Certified Power Line Technician Course
- Must have good verbal communication skills
- Variable duties, requiring a high degree of accuracy and attention to details and safety at all times
- Ability to interact with union and non-union, Management and non-Management
- Resourceful, with strong troubleshooting skills
- Participates in the on-call rotation

**For more details see Careers on our website at [www.sjenergy.com](http://www.sjenergy.com)**

**Applications, which must include an up to date resume, should be made in writing to Human Resources no later than 3PM on Friday, July 21, 2017.**
